

## LEVEL 01

Lake Zurich

## KONGRESSSAAL WITH KONGRESS-FOYER AND GALLERY

The Kongresssaal is not only the largest, but with over 11 metres also the highest hall in the Zurich Convention Center. It has parquet flooring and can be darkened like all other rooms. The state-of-the-art technology and the fixed stage make it ideal for a wide variety of productions. Thanks to a completely retractable lifting wall, the Kongresssaal with the Kongressfoyer can be extended by a further 550sqm. The gallery in the Kongressfoyer provides access to the permanently seated Kongresssaal Gallery. The side exits of the Kongresssaal lead to the terrace with its wonderful view over Lake Zurich.

## VORTRAGSSAAL 1 AND 2 WITH VORTRAGSSAALFOYER

Vortragssaal 1 and 2 with the associated Vortragssaalfoyer are located directly opposite the Kongresssaal. This is ideally suited for gastronomic use – for example for a welcome drink. While the larger Vortragssaal 2 has a permanently installed stage, Vortragssaal 1 has no stage. Vortragssaal 1 is particularly suitable for live broadcasts, as a professional TV live streaming studio is available on request.

## GROSSE TONHALLE WITH KONZERT-FOYER, GALLERY AND LOUNGE

The world-famous Tonhalle Zurich with its magnificent Grosse Tonhalle shines in new historical splendour after a detailed restoration. Whether downstairs in the hall or upstairs in the gallery – the new organ and the unique acoustics delight guests with very special sounds. Before, during and after the event, the associated Konzertfoyer and its gallery with terrace access and lake view invite guests to linger.

## KLEINE TONHALLE WITH KONZERT-FOYER, GALERIE AND LOUNGE

The Kleine Tonhalle proves to be no less magnificent. Together with its gallery it is suitable for events with up to 630 people. The Lounge can be reached via the Konzertfoyer Gallery of the associated Konzertfoyer for a more individual conclusion to a successful evening of events.
